Company Notes:

Artisan cheese production; goat and cows' milk cheeses. Fresh, surface-ripened and aged varieties – all made from milk pasteurized at our operation.

Products Available:

Goat Milk Varieties - Year Round

Our Goat's Milk arrived on the island from Abbotsford - where the animals are cared for by an award-winning farmer and a leading authority on the North American Goat Industry. The farm is "transitional organic" meaning they are currently undergoing the accreditation process necessary to guarantee the organic nature of their farming practices. Due to the meticulous feeding practices at the farm there is a distinct mild flavour to all the cheeses we produce. Cooking with our goat cheeses enhances the pungency - but not too overpoweringly.

Belle Ann Cheese - Year Round

Belle Ann (MF/MG 31% - MOIST/HUM 39%) - A French-inspired tomme or loaf of cheese, the rind of which has been gently washed/massaged for up to thirty days in Vancouver Island blackberry port. The intended purpose is to encourage the breakdown and ripening of the cheese from the rind towards the center. A light but distinct pungency develops with a striking contrast of the blue/grey rind against the white pate of the cheese. This product comes in two (2) formats, 600 g and 2.2 kg.

Cheddar Portions - Fall Spring Summer Winter Year Round

Cheddar Portions enveloped in Black Cheese Wax (MF/MG 31% - MOIST/HUM 39%). A rich creamy version of the centuries old recipe – packaged in a format ideally suited for the restaurateur who wishes to give a guest a portion of cheese without challenging storage issues. Each portion is approximately 40 grams in weight and coated with black cheese wax, making for an elegant and contrasting presentation on any cheese platter.

Chevre Cream Cheese -

Chevre (MF/MG 22% - MOIST/HUM 64%) - A striking white cream cheese, unique in its flavour. Served fresh and stored frozen, this cheese gives a chef a high degree of versatility for menus calling for goat cheese – and yet it is considerably economical in value. Formats range from 250 g to 1 kg cryovac.

Dairy (Cow) Milk - Varieties - Year Round

Our milk comes from a Vancouver Island farm, where the family believes passionately in allowing its herd to graze upon the natural grasslands surrounding its farm from spring until fall. This ensures higher levels of omega-3 fatty acids, vitamin E and higher concentrations of conjugated linoleic acid. See "Meet Jo Robinson" at the www.eatwild.com website.

Feta Cheese - Year Round

Feta (MF/MG 22% - MOIST/HUM 55%) - Following a recipe passed down from a master cheese maker has enabled the creation of a feta that rivals Old World versions “yet is fresh and zesty here on the West Coast. Delivered in multiple size formats “cryovac or delivered in whey brine.

Fromage a la CrÃme - Year Round

Fromage a la CrÃme (MF/MG 22% - MOIST/HUM 64%). A light-lemony-spreadable cheese, which lends itself to a chef’s creativity. Blended with savoury or sweet ingredients, this deep-yellow, fresh cheese offers staff a unique alternative to standard cream cheeses as well as being an interesting substitute for Ricotta. Although served fresh is best, this is one cheese that freezes well, allowing for good inventory and cost control. This product can be shipped in various size-formats (ie. 250 g, 500 g tubs and 1kg cryovac).

Goat Cheddar Portions - Year Round

Goat Cheddar Portions enveloped in black cheese wax (MF/MG 31% - MOIST/HUM 39%) - A brilliant white version of the centuries-old recipe, packaged in a format ideally suited for the restaurateur who wishes to give a guest a portion of cheese without challenging storage issues. Each portion is approximately 40 grams in weight and coated with black cheese wax, making for an elegant and contrasting presentation on any cheese platter. Larger formats of waxed and un-waxed portions are also available from 250 g to multiple kilogram weights.

Red Dawn Cheese - Year Round

Red Dawn (MF/MG 31% - MOIST/HUM 39%) - A French-inspired tomme or loaf of cheese, the rind of which has been gently washed/massaged for up to thirty days in Vancouver Island ales and ciders. The intended purpose is to encourage the breakdown and ripening of the cheese from the rind towards the center. A light but distinct pungency develops, enhancing the buttery, creamy nature of the cheese. The rind of Red Dawn has a warm orange hue. This product comes in two (2) formats, 600 g and 2.2 kg.

Special Orders -

We welcome input from chefs as we strive to produce a cheese unique to an individual’s specification.

St. Clair Cheese - Year Round

St. Clair (MF/MG 25% - MOIST/HUM 50%) - Our velvety version of a “Camembert-style” cheese. Whoops “did we call this “Camembert”? Unless we produce the cheese in Normandy France from raw milk from the Norman cows, following strict adherence to controlled specifications, use of the word “Camembert” is verboten. So we didn’t; ours is St. Clair “a West Coast inspiration with a nutty flavour and a wonderful white rind bloom with hints of a mushroom-like aroma. For presentation, we offer the food service industry a multitude of shapes “from the small button or thimble-shaped cheese, through to Valencay shape, as well as traditionally-shaped cheeses. In most cases at the beginning of the ageing process we cut the cheeses in half “allowing for better portion control and the ability to showcase various cheeses, while living within budget constraints.

St. Michel Cheese - Year Round

St. Michel (MF/MG 25% - MOIST/HUM 50%) - A goat version of our St. Clair; that’s the one we cannot call “Camembert”. Though with a different name, it has the same delectable qualities attributed to St. Clair “rich in creamy texture, nutty, mushroom-like rind “with a flavourful goat pungency.

Company Notes:

This is a Canadian company founded by Latin Americans. Latin Organics' mission is to promote organic agriculture in Latin America,

starting with Colombia, in the hope that illicit crops may be reduced.

We want to create awareness, not only in the producing countries but also in the markets that we penetrate.

Our first product is truly unique because of its origin and the hands that cultivate it. We pride ourselves on striving for perfection, balance and making a real difference in everything that we do. This coffee is hand

picked, sun dried and bird friendly. It is grown under shade, and it is exported and imported by Latin

Organics. It is roasted to perfection in small batches and delivered as it is being ordered. We have paid

detailed attention to our packaging design/content and quality control of our product. This first product is the pioneer that will set the terrain so that Latin Organics may continue to bring other exceptional products. We choose to work with those that are at the highest risk of losing their livelihood or traditions.

Products Available:

Coastal Peak Roasted Coffee - Year Round

An invitation to reconnect with your roots - a spiritual connect.

100% Colombian, Fair Trade, Organic Roasted Coffee coming direct from its country of origin. This first product offers a unique cup of spiritual arabica beans that have been blessed by the indigenous farmers that cultivate the coffee: the "richest and mildest,

divine, superb" coffee as described by those who have had the chance to try it. This Medium Roast offers the chance for coffee

lovers to make a cup of espresso without having to darken the roast or ruin its character by blending other beans ... unique quality - or just drinking the coffee as is. This first product is supporting Latin Organics' mission to implement fully the organic way of farming

within the Colombian territory so that illicit crops, as well as poverty, may be reduced.

Company Notes:

The majority of the pickles and relishes are processed in the fall using fresh product from local suppliers. Jams are usually made from frozen products as ordered, which results in a fresher product for the customer. Pectin is used when necessary. The majority of the jams are processed using a longer cooking method so less sugar is used, bringing out the natural flavours of the fruit. Product is not certified organic but our motto is "as natural as possible." No chemical preservatives or stabilizers are used.

Locally grown produce, berries, apples & pumpkins. Catering to restaurants, markets, and families. Call us to experience a taste of the country.

We also grow: Black Currants - Summer Red Currants - Summer Pink Currant - Summer Red Gooseberries - Summer Green Gooseberries - Summer Corn - Late Summer & Fall Apples (several varieties) Late Summer & Fall Pumpkins - Fall Bell Peppers (yellow, orange, green & red) - Spring, Summer, & Fall Stiletto Peppers - very sweet - Spring, Summer, & Fall

Products Available:

Cherry - Fall Spring Summer

These are grown hydroponically in our greenhouse and are crisp and flavorful. These are great for salads or vegetable skewers.

Beefsteak Tomatoes - Fall Spring Summer

We grow large crisp beefsteak tomatoes in our greenhouse. These are great for salads or burgers.

Butter Head Lettuce - Year Round

We grow beautiful butterhead lettuce hydroponically in our greenhouse. We leave the roots stock on the lettuce to increase it's shelf life.

Heirloom Tomatoes - Fall Spring Summer

We grow a variety of heirloom tomatoes that are a variety of colours. The flavor of these tomatoes is exceptional and is a great addition to any salad.

Apple Cider - Fall Winter

We press our own Apple Cider here on our farm made from our own apples. We do not add water or any other ingredients to our Apple Cider. You can get the cider two different ways: Fresh Cider: is UV light pasteurized and is served in plastic containers (like milk jugs). This has a two week shelf life. Glass: Our cider that is served in our unique glass jugs is boiled and will keep on a shelf for years. It only needs to be refrigerated after it has been opened.

Black Currant and Red Currant Jams - Year Round

On our farm we also grow currants and have made our own black currant and red currant jams. This can be ordered in either 250ml or 125ml class jars.

Campari Tomatoes - Fall Spring Summer

The red plump tomatoes are a great size for salads and are also grown in our greenhouse.

Long English Cucumbers - Year Round

Our Long English Cucumbers are a consistent size and have a great flavor. They are grown in a hydroponic greenhouse and we have an aggressive IPM program to reduce or eliminate the need for sprays.

Mini Cucumbers - Year Round

Our mini cucumbers are very sweet and crunchy. They are grown in a hydroponic greenhouse and we have an aggressive IPM program to reduce or eliminate the need for sprays.

Red Pepper Jelly - Year Round

We also have a greenhouse where we grow an assortment of veggies, including peppers. We have used the peppers to make a red pepper jelly. This is a spicy red pepper jelly containing jalepenos but it is great with mozzarella sticks, pizza or on chicken.

Spiced Apple Cider - Fall Winter

We also make another variety of the same cider but we add mulling spices. This is popular at Christmas time and is great cold or served as a warm cider. Some restaurants we have sold to add rum to this warm drink at Christmas time and tell me it is quite popular. The Spiced Cider comes in glass only for clients who are re-selling it but for serving purposes it can be sold in plastic with about a 6 week shelf life.
