Company Notes:
Wineland Dressings was founded in 2000 by Peter and Valencia Young, when Peter, who was Executive Chef at Hillside Estate Winery in Penticton, was being constantly asked by restaurant clientele if they could buy the salad dressings served in the Barrel Room Bistro. Its location at a winery meant there was easy access to bottles, corks, labels, etc. There is also a tasting room and wine shop, a natural outlet for products. A small trial batch of Roast Garlic Balsamic Vinaigrette was produced and bottled, which very quickly sold out. Wineland Dressings was born, and we soon added the Raspberry and Black Pepper Vinaigrette. Our salad dressings are hand made in small batches from the finest available ingredients, locally-sourced where possible, and to the highest standards. All of our products are gluten free and contain no artificial thickeners, stabilizers or preservatives.
