Georgian Baguette - Year Round

Georgian Baguette is one of the oldest breads in the world and originates from the land of Colchis (present day Georgia). According to Greek mythology, Colchis was a beautiful land situated on the mysterious periphery of the heroic world. Here in the sacred grove of the war god, Ares, King Aetes hung the Golden Fleece until it was seized by Jason and the Argonauts. Ingredients: organic white flour, sea salt, yeast, lemon juice, and filtered water. All European Breads products are made by hand, using artisan methods and original recipes.

100% Barley Bread - Year Round

Barley played an important role in the ancient Greek culture as a staple bread-making grain. It was an important food for athletes, who attributed much of their strength to their barley-rich training diets. Roman athletes continued this tradition of honouring barley for the strength that it gave them. Barley's claim to nutritional fame is based on its being a very good source of fiber and selenium, as well as a good source of phosphorus, copper, and manganese. Ingredients: barley flour, barley bran, bacterial culture, sea salt, and filtered water. All European Breads products are made by hand, using artisan methods and original recipes. Packaged in a biodegradable bag!

Ancient Roman Spelt Bread - Year Round

Spelt is an ancient grain that traces its heritage back long before many wheat hybrids. It offers a broader spectrum of nutrients compared to many of its more inbred cousins in the wheat family. It is an excellent source of Vitamin B2 and a good source of niacin, thiamin, and copper. This particular combination of nutrients makes spelt bread an excellent choice for people suffering from migraine headaches, atherosclerosis, or diabetes. Ingredients are: spelt flour, spelt bacterial culture, sea salt, and sunflower oil. All European Breads products are made by hand, using artisan methods and original recipes. Packaged in a biodegradable bag!

Baltic Bread - Year Round

There are more than 40 different varieties of delicious breads in Latvia, with Baltic being the most popular one. It's a denser bread than Borodin due to special enzymes and the unique process involving in baking it. Baltic bread has a very distinct, almost sweet flavour as it's made with caramel and caraway seeds. Ingredients: dark rye flour, whole wheat flour, molasses, caraway, caramel, malt, bacterial culture, sea salt, and filtered water. All European Breads products are made by hand, using artisan methods and original recipes. Packaged in a biodegradable bag!

Buckwheat Bread - Year Round

Buckwheat is a fruit seed related to rhubarb. This makes it a suitable substitute for grains and a great alternative for wheat or other grains that contain protein glutens. Diets that contain buckwheat have been linked to lowered cholesterol and lowered blood pressure. Buckwheat also contains magnesium, which relaxes blood vessels, improving blood flow and nutrient delivery. Ingredients: buckwheat, flax, rice flour, sea salt, baking powder, and xanthan gum. All European Breads products are made by hand, using artisan methods and original recipes. Packaged in a biodegradable bag!

Euro Flax Bread - Year Round

Its high content of alpha linolenic acids has made the ancient flax seed become a modern miracle food. Alpha linolenic acid is a type of omega 3 fatty acid, similar to those found in fish such as salmon. Benefits of flax seed include lowering cholesterol and blood pressure. Ingredients: whole wheat flour, flax seeds, ground flax, sea salt, fresh yeast, and filtered water. All European Breads products are made by hand, using artisan methods and original recipes. Packaged in a biodegradable bag!

Pharoah's Kamut Bread - Year Round

Kamut grain is an ancient relative of durum wheat, twice the size of common wheat, with 20 to 40% more protein and higher lipids, amino acids, vitamins, and minerals. It's a delicious, sweet alternative for all products that now use common wheat. Ingredients: kamut flour, bacterial culture, sea salt, and sunflower oil. All European Breads products are made by hand, using artisan methods and original recipes. Packaged in a biodegradable bag!

Russian Rye Bread - Year Round

Russian Rye, also known as Orlov bread, is one of the most famous breads from 18th century Russia. It is named after Count Orlov, military officer and lover of Catherine the Great, empress of Russia from 1762 to 1796. He organized the coup d'etat that placed Catherine on the Russian throne and subsequently was her close adviser. Ingredients: dark rye flour, whole wheat, sea salt, bacterial culture, sunflower oil, and filtered water. All European Breads products are made by hand, using artisan methods and original recipes. Manna Bread,® Carrot Raisin, Cinnamon Date, Fruit and Nut, Millet Rice, Multigrain, SunSeed, and Whole Rye

This is a very pure, tasty and unique sprouted bread made without flour, yeast, sugar or salt. The baking is done in a manner that retains the excellent nutrition. Its sweet, moist, cake-like flavour and consistency are the result of naturally sprouting the grains for optimal nutrition, a process that converts the grain starch into maltose and other complex natural sugars.

Special attributes: Ingredients available from local producers are used when possible. For instance, carrots used in Carrot Raisin Manna Bread are from local BC, certified organic farms in season; out of season, they are from imported organic varieties. The sprouted whole wheat kernels come from the same Saskatchewan organic-farming family that has supplied Nature's Path from its beginning. Manna Bread is very high in natural fiber. It is best stored frozen until use and, once thawed, lasts 3 days in the fridge. Unit size: 400 gram loaf individually sealed in inner and outer moisture barrier.

Package features: Labeling printed directly on plastic bag to reduce packaging. Takes minimal space in freezer. Packaging presentation: Attractive simple package. Find full description, picture and ingredients at:

Company Notes:

Sugarplum Desserts is a local, family-owned and operated BC company. Growing steadily from our debut in 1984, we now serve more than 60 varieties of quality desserts. Our specialties include a wide selection of baked cheesecakes, mousse cakes, layered cakes, pre-portioned ready-to-bake cookie dough pucks, and thaw-and-served baked cookies. We make the majority of our dessert products from scratch at our modern facility in Langley, BC. Over 50% of the ingredients used in our products are locally processed. We focus on developing products with high quality, natural ingredients. Our emphasis on quality is the cornerstone of our success and ensures our products meet the demands of today's discerning consumers. All our cakes are uniquely hand decorated, and our premium lines feature signature chocolate decorations, real whipped creams and scratch-made butter creams. Sugarplum is unique in that we are able to provide hand-decorated, customized cakes in different package sizes to large food service distributors, thereby providing more choice and differentiation for their customers' changing desires. We also work closely with smaller distributors and retailers to provide the exact dessert products they require. Finished products can be flash-frozen for maximum freshness and held in cold storage for shipment across Canada. The frozen shelf life is 9 months and the refrigerated shelf life is 3 to 5 days.
